Summary

I'm a computer enthusiast for 12 years and a software developer with 3 and a half years of experience. In order to design and write clear, testable and maintainable applications I practice unit testing, I refactor "legacy code" and I employ object oriented and functional paradigms. I strive to continually improve my skills, to apply best practices in my daily work and to keep myself up to date – actually I'm exploring test automation, continuous integration and design patterns.

I'm well versed in exploring new technologies to assess their characteristics and the problems they pose in their adoption. I employ both theory and experience to deliver software in a successful fashion.

I aspire to work as a Software Engineer or Software Engineer in Test (or equivalent roles), possibly on operating systems, compilers, developer tools or real-time/embedded systems.

Work experience

BEDIN Shop Systems srl

Programmer, www.akite.net

Cornuda – TV (Italy)

10/2009–, summers from 2003 to 2008

Development, maintenance and support of software for Points of Sale (.NET 3.5/4.0):

- development and (automatic) deployment of smart clients – Windows Forms, SQL Compact, SQLite, Lucene.NET, ClickOnce
- development, deployment and monitoring of web services handling thousands of users – WCF, Windows Azure, SQL Azure, Windows Azure Service Bus, ACS 2.0
- promotion engine; development of a library for video and photo acquisition from webcams (DirectShow); setup of a build server (Jenkins, MSBuild); development of a simple administration web site (ASP.NET MVC, Javascript, jQuery); migration of source code from Team Foundation Server to GitHub; fiscal printers programming; visual editor (retained mode graphics system, GDI+)

Education and training

Università degli Studi di Padova

Laurea Specialistica (Master's Degree) in Computer Science, 110 cum laude

Padua (Italy)

10/2007–09/2009

Università degli Studi di Padova

Laurea Triennale (Bachelor's Degree) in Computer Science, 110 cum laude

Padua (Italy)

10/2004–09/2007

Istituto Tecnico Industriale Statale Luigi Negrelli

High School Diploma, Computer Specialization, 100/100

Feltre – BL (Italy)

09/1999–06/2004

Skills

Methodologies: Object oriented paradigm, functional paradigm, design, profiling, distributed systems, compensation, bug tracking

Technologies: .NET, Visual Basic .NET, C#, NuGet, Java, C++, C, SQL, Ruby, XML, regular expressions, Windows Forms, Windows Presentation Foundation, Windows Azure, Visual Studio, Eclipse, SQL Server, SQL Azure, SQL Compact 3.5, Sqlite 3, Subversion, Mercurial, Git, Team Foundation Server 2010, git-tfs, LLBLGen Pro, Entity Framework 4, Jenkins, MSBuild, Make, rake, Windows Communication Foundation, HTML 5, CSS, Javascript, ASP.NET, ASP.NET MVC, Fiddler, OAuth 2.0, Jekyll, Mac OS X, Linux, Windows, Android, LaTeX, Powershell, VMware Fusion, VirtualBox
